Experiments

We are constantly working on adding new experiments to this section. As time allows.

Atmosphere

Ratio of Earth to atmosphere

Buoyancy

Balloon in a bottle

Tetrahedron balloon

Pressure

Behaviour water and air

Balloon in the syringe

Balloon with belly band

Feeling air pressure

Membrane pressure gauge (altimeter, barometer)

Effect of air pressure on a plastic bottle

Expansion, recoil, acceleration

Water rocket: acceleration and drop tests

Telemetry

LoRaWan

Temperature measurement

Wind

Resonance, vibrations

Resonance
