

# BOP.BAS.320 Restraint systems

*Regulation (EU) 2018/395*

Balloons shall be equipped with a restraint system for the pilot-in-command when the balloon is equipped with one of the following:

1. a separate compartment for the pilot-in-command;
2. turning vent(s).

## GM1 BOP.BAS.320 Restraint system

*ED Decision 2018/004/R*

A pilot restraint harness mounted to the basket is considered to meet the requirements of CS-31HB/CS-31GB for a restraint system.
