

ML.A.802 Component certificate of release to service

Regulation (EU) 2019/1383

1. A component CRS shall be issued after the required maintenance has been carried out properly on an aircraft component in accordance with point [ML.A.502](#).
2. The authorised release certificate identified as EASA Form 1, as set out Appendix II of Annex I (Part-M) , constitutes the component CRS, except when such maintenance is released at aircraft level, as indicated in point ML.A.502(b).
